

research topics

Following are the lists of research topics that shall be presented in class on the dates indicated. Each student (or group of students if working as a team) shall create at least one and not more than three graphic illustrations for their topic. These slides may include text, dates, charts, photographs, drawings or other graphics. These shall be submitted to Andrew twenty-four hours prior to your presentation in the form of a .jpg or .pdf which will be projected on screen in class as well as posted to our class website. The names of those who signed up to present each topic follow with (MF) and (TTh) representing students from the Monday-Friday section and the Tuesday-Thursday section.
